Eriez® Announces Promotion of Jeff Kaveney to Manager—Product Marketing and Administration

Erie, Pa. — Eriez®, world authority in advanced technology for magnetic, vibratory and inspection applications, announces that Jeff Kaveney has been promoted to Manager—Product Marketing and Administration at Eriez Headquarters, reporting to Charlie Ingram, Vice President of Sales and Marketing.

Before his promotion, Kaveney served as Manager of Product Marketing at Eriez. Ingram explains, “While continuing his responsibilities leading Product Management in their technical support of inside and outside sales representatives, coordinating new product development and cost reduction programs with R&D and developing OEM relationships, Jeff will now also oversee Eriez’ customer support efforts, including ordering process systems and communication.” He adds, “In this capacity, the Order Department will now report to Jeff.”

Kaveney joined the Eriez Sales Team in 1995 and promptly completed an extensive training program covering all Eriez products. He served as a Technical Sales Representative for Separation Products until his promotion to Product Manager, Metal Detection in 1998. Jeff was then promoted to Manager—Product Marketing in 2007. Kaveney graduated from Gannon University in 1984 with a Bachelor of Science degree, majoring in Business Management.

“Jeff has a demonstrated ability to accomplish key objectives rapidly and effectively,” says Ingram. “His extensive experience and leadership skills make him an ideal fit for this new role.”
